## Safety Data Sheet

### 1. IDENTIFICATION

**Product Identifier:** Wire Brushes  
**Manufacturer:** CGW – CAMEL GRINDING WHEELS, INC.  
7525 N. OAK PARK AVE.  
NILES, IL 60714  
INFO & EMERGENCY: 800-447-4248 FAX: 800-447-3731  
**Product Use:** For cutting and grinding metals, concrete and masonry materials  
**Restrictions on Use:** Use only as directed. See ANBI B7.1.

### 2. HARZARD(S) IDENTIFICATION

Brushes are non-chemical in nature. No chemicals are introduced into the manufacturing process when ones uses our brushes. Our brushes are classified as "articles" and therefore do not require MSDS/SDS.

## 4. FIRST-AID MEASURES

- Skin Contact:** Wash dust from skin with water and soap thoroughly.  
**Eye Contact:** Hold eye lid(s) and flush eye(s) thoroughly with water.  
**Inhalation:** Remove victim to area with fresh air, seek medical attention if necessary.  
**Ingestion:** Seek medical attention if dust is swallowed.

## 5. FIRE-FIGHTING MEASURES

Suitable Extinguishing Techniques/Equipment: Use any media that is appropriate for surrounding environment

Chemical Hazard from Fire: This product is not combustible, but cautions must be given to potential hazards of fire or explosion from the base materials of the workpiece and surrounding environment.

## 6. ACCIDENTAL RELEASE MEASURES

Personal Precautions: Minimize dust generation. Wear appropriate protective gears to prevent skin or eye contact, inhalation, and ingestion of dust. Use normal clean up procedure.

Environmental Precautions: Prevent releases into the environment. Report if required by local, state or federal regulations.

## 7. HANDLING AND STORAGE

Handling: Always follow ANSI B7.1

Storage: Always follow ANSI B7.1. Keep in dry location, avoid extreme temperatures

## 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

**Exposure Controls and Engineering Controls:** Follow local or general ventilation requirements to minimize exposures to dust and keep concentration of contaminants below exposure limits.

**Personal Protection:** Always follow ANSI B7.1, wear protective gears, e.g. respirator, gloves, safety eye glasses, protective clothing, etc.

## 9. PHYSICAL AND CHEMICAL PROPERTIES

<b>Appearance:</b>	Wheel, solid with black, brown or red rough surface
<b>Odor:</b>	None
<b>Boiling point:</b>	Not applicable
<b>Melting point:</b>	Not applicable
<b>Freezing point:</b>	Not applicable
<b>Flash point:</b>	Not combustible
<b>Vapor pressure:</b>	No applicable
<b>Vapor density:</b>	Not applicable
<b>Evaporation rate:</b>	Not applicable
<b>Water soluble:</b>	No
<b>Solubility:</b>	Not applicable

## 10. STABILITY AND REACTIVITY

<b>Chemical Stability:</b>	Stable
<b>Reactivity:</b>	Not reactive
<b>Hazardous Reactions:</b>	None known

## 11. TOXICOLOGICAL INFORMATION

### Routes of Exposure

**Skin Contact:** None expected under normal conditions. Wheel may cause abrasions if rubbed on skin, dust may cause irritation. Eye

**Contact:** Dust may cause irritation.

**Inhalation:** Dust may cause respiratory irritation.

**Ingestion:** None expected under normal conditions. Maybe harmful if swallowed.

**Related Symptoms, Acute and Chronic Effects:** Uncontrolled dust may cause skin, eye and respiratory irritation. Long term over exposure to respiratory dust may damage lungs. As most of the dust generated during cutting/grinding process are from the base materials of the workpiece, the potential hazards from them should be evaluated.

## 12. ECOLOGICAL INFORMATION

No data available.

## 13. DISPOSAL CONSIDERATIONS

Dispose in accordance of applicable local, state and federal regulations.

## 14. TRANSPORTATION INFORMATION

Not as hazardous materials for transport.

## 15. REGULATORY INFORMATION

No data available.

## 16. OTHER INFORMATION

**Date of Previous Revision:** None

**Date of This Revision:** June 1, 2019
